

WORKSafe® KUIPER E3045

SAFETY PRESCRIPTION EYEWEAR

The Kuiper, pronounced “KAI-PER”, is capable of being a prescription protective eye glass, or just a simple piece of plano protective eyewear. Grip and comfort are its key-points. The Kuiper features extra-large super-grippy nose pads and large rubber-tipped temples.

- Lightweight hypo-allergenic full nylon frame
- Anti-slip skull-grip temples
- Impact-resistant integrated side shields
- Soft grippy thermoplastic rubber (TPR) universal-fit nose pads
- Tested to ANSI Z87.1-2010 standard and complies with EN166:2001 and SS473:2011 standards

PRODUCT CODE

340WSE3045-C2

Charcoal frame, Grey lens HC

Brand	WORKSafe	Model	Kuiper E3045
Type	Safety Prescription	Standards	EN166:2001 SS473:2011
Weight	32.1g	Complies With	ANSI/ISEA Z87.1-2010
Frame Height	40mm	Bridge Width	30mm
Lens Thickness	2.2mm	Hinge-hinge (Inner Width)	143mm
Lens Base Curve	6	Temple Length (Lens-Tip)	155mm
Lens Coating	Hard Coating (HC)	Lens	Polycarbonate (PC)
Front Frame	TR90	Side Shields	Polycarbonate (PC)
Temple Front	Polycarbonate (PC)	Temple Back	-
Temple Tips	Thermoplastic Rubber (TPR)	Browguard	-
Screw	Stainless steel
