

## WORKSafe® EDGE CUT 2X SAFETY CUTTER

The WORKSafe® Edgecut 2X is a versatile cutter designed for efficiency and safety. It features a dual-blade system with a straight blade for general cutting and a hook blade for tougher materials like pallet strapping and shrink wrap. Its auto-retract mechanism enhances safety by retracting the blade when not in use. Designed for comfort and control, the Edgecut 2X is perfect for professional and industrial applications.
