

PIG® Absorb-&-Lock™ Water Absorbent Strip

WTR002 Absorbs & Retains High Volumes of Water, Long Runs/Walls, Includes (10) 10' Strips

Deploy these super absorbent strips to absorb high volume leaks and drips in problem areas.

- Super Absorbent Polymer (SAP) filler swells on contact with water and expands to pull in large volumes of liquid quickly
- Absorbed water is "locked" inside; won't leach or run out when you pick up or dispose, even when fully saturated
- Water locking gel mat strips are ideal for sewage and restroom backups and overflows and at the base of equipment, appliances and machinery
- Expanded strips create a barrier to help prevent further leaks and drips from escaping and spreading into walkways; also good to help stop water from seeping under doors
- Strips (before water contact) are low-profile to fit tight spaces; unobtrusive design won't create trip hazards
- Leave strip down until fully saturated, then dispose
- Non-toxic and non-hazardous for easy disposal
- Printed with "Caution" symbol for added safety

Specifications

Absorbency Range	20 - 29.9 gal.
Dimensions	5" W x 10' L
Absorbency	Up to 20 gal. per package
Absorbency per	Up to 2 gal. per strip
Application	Long Runs/Walls
Brand	PIG
Color	Yellow
Fluid Absorbed	Water
Height When Fully Saturated	3" When Fully Saturated
Includes	(10) 10' Strips
Special Feature	Absorbs & Retains High Volumes of Water

Weight When Fully Saturated	22 lbs. each When Fully Saturated
Sold as	10 strips per package
Weight	2.65 lbs.
Composition	Skin: Polypropylene Filler: Super Absorbent Polymer (SAP)
UNSPSC	47131900
Pigalog® Page Number	<u>Page 62</u>

Metric Equivalent

Absorbency per	Up to 7.6 L per strip
Absorbency	Up to 75.7 L per package
Weight	1.2 kg
Dimensions	13cm W x 3m L
